

# Local History Enrichment Units (Local History Week)

## History

# Local History Within our Curriculum

Local history helps children make sense of their immediate world. However, it is not just a case of bombarding them with local facts. Good local history involves enquiries that allow children to investigate drawing on their previous historical knowledge and understanding.

Within our History Curriculum, local history is addressed in the following units:

a local history study

LSK2: The Stone Age to the Iron Age

LKS2: The Anglo Saxons, the Scots and the Vikings

UKS2: The Industrial Revolution

UKS2: The Victorians

UKS2: World War I

UKS2: World War II

To further enrich and deepen our children's knowledge of local history each class takes part in a local history week once a year.

# Local History Week - Enrichment Units

| Year Group    | Local History Unit of Work  |
|---------------|---|
| EYFS / Year 1 | Our school and its community  |
